Poker Face missed the catalogue as we were waiting on DNA results. He is the result of the highly successful Game Face x Auburn 76T flush. His flush mates were features in last years sale and we will have many Auburn 76T sons for our sale next year. Poker Face can be used with confidence in the heifer pen but still maintains enough performance to use on your cows. We have calved his flush mate sisters this year and they will be herd building females. An added lot but a sale feature.

The Game On sons are a slam dunk for your heifer pen. This son sports tremendous EPD's for BW and CE. His two-year old dam has lots of milk and comes from a very maternal cow family. Take note of his younger birth date and you can appreciate the quality this bull offers.
